

Fort Pitt Grammar School

12 June 2018

Dear Parent/Carer

New Science Building

You will recall that I wrote to all stakeholders last week requesting nominations for the name of our new Science block.

I am delighted to advise that we have had an excellent response from students, parents and staff alike and received twenty-six suggestions. However, there are four clear front runners and these are:

Marie Curie
Rosalind Franklin
Elizabeth Garrett Anderson
Helen Sharman

We would like to make a final decision early next week and plan to hold an official launch early in the Autumn term.

We will be taking the above nominations to our Head Students, Science staff, Governors and Senior Leadership Team over the next few days in order for a final decision to be made. I will then contact any related organisation and/or family of our chosen Scientist to share the good news. I will inform the Fort Pitt community of the final building name as soon as possible after this.

I should like to take this opportunity to thank you once again for your support and input with this exciting phase in Fort Pitt's development.

Yours faithfully

A handwritten signature in blue ink, appearing to read "Nick Watkiss", written in a cursive style.

Nick Watkiss
Headteacher

Headteacher : Nick Watkiss BMus (Hons), NPQH, FRSA, FCoT, PQSI
