SAMPLE LETTER TO PARENTS

(School Header Here)

The Live Date for the new Cashless System is: (ENTER YOUR LIVE DATE)

(Date)

Dear Parent

We are pleased to announce that (Name of school) is installing a cashless catering system in (month/year). The new system will allow us to continue with the development of the school meal service, and will provide us with a more efficient, faster and ultimately better quality of service.

This system incorporates the latest technology and eliminates the need for pupils to carry cash throughout the day thus reducing the risk of bullying. It is also biometric (see FAQ's) so there is no need for pupils to carry a card as the system will recognise the thumb of your child at the revaluation pay points and at the tills.

We will commence operating the system on (day/date) and as such no cash will be accepted at the Till Points after this date.

All students and staff will be given training on how to use the system.

Any amount of money can be paid into a pupil's account, and any money spent on food & drink will be deducted on a daily basis.

We have three payment options available to you – **online payments, coin and note payments at the revaluation pay-points, and by cheque**. All payment options are explained within the the FAQ's attached.

A daily 'spend limit' of **(state amount in £5's)** will be programmed into the system. This can be increased or decreased for an individual student by making a written request to the school finance office.

As per current legislation we will be operating an 'Opt Out' policy. If you choose not to have your child registered on the Biometric System a 4 digit PIN Code will be allocated. Please note that PIN Codes do not have the same level of security and it will be your child's responsibility to remember the code and keep it secure at all times.

The attached information should answer any questions you may have but if this is not the case a parent's information evening is to be held in the school dining area on **(day, date, time)** when the new cashless system will be introduced and any further questions answered.

Yours sincerely

Data Protection Information

NRS is accredited with ISO27001 – Information Security Management System and is committed to ensuring that privacy is protected. Should we ask you to provide certain information by which you can be identified, you can be assured that it will only be used in accordance with this privacy statement.

NRS is registered as a data processor under the Data Protection Act (DPA) and operate at all times under the DPA Guidelines.

Schools' data will remain their responsibility and they remain fully in control of accessing, managing and updating all student data within the system. Schools and the local authority are operating as Data Controllers under the DPA. All NRS Staff that may have administrator access to schools data for support purposes are Criminal Records Bureau (CRB) checked.

Information collected to implement a Cashless Catering system is outlined below

Essential information collected		Optional information may be requested
Admissions Number	Gender	Photographs
Surname	Date of Birth	Ethnicity
Forename	Year	School House Group
Form	UPN	
Free School Meal Allowance		

Nationwide Retail Systems Ltd does not sell, distribute or lease your personal information to third parties.

You may request details on personal information which we hold about you under the Data Protection Act 1998.

NRS removes all data from Servers one week after the Cashless System has gone live within the school.

If you believe that any information we are holding about you is incorrect or incomplete, please write to or email us as soon as possible, at the address below.

BENEFITS OF THE TRUST-E CASHLESS CATERING SYSTEM

- Increased speed of service reducing queuing times
- Increased uptake on Free School Meals
- Anonymity on Free School Meals reducing bullying
- Facility to pay On-Line
- No need to carry cash preventing loss/theft
- Automatic alerts to stop pupils purchasing allergy trigger items
- Students learn about important lifestyle control by monitoring their own accounts
- Reporting facilities help decrease wastage and improve the overall efficiency of the meal service

FREQUENTLY ASKED QUESTIONS

Q What is a Cashless System?

A A Cashless Catering System is a solution, which is purpose designed to meet the ever evolving needs and demands of the Catering Provision that is required by today's Schools and Academies.

The Trust-e Cashless Solution allows schools to be better able to provide their students with a faster, more efficient and more appealing meal service.

Q What is Biometric?

A Biometric is simply a method of identifying an individual person. We will be using an algorithm based scan, which reads between 50 & 130 points on the finger/thumb. It is not a fingerprint in any way, shape or form and is of use only in the cashless system.

Q How does a Biometric System work?

A The information of a pupil or staff member, who has been biometrically registered, is stored on a secure Biometric Controller within the school, which only our provider, Nationwide Retail Systems Ltd, can access. Once an account is credited the pupil or staff member places their finger/thumb on the EPOS Terminal, which looks up their account details and allows them to purchase items using only this method of identification.

Q How does my child register on the Biometric System?

A Registration days will take place leading up to the 'Live' day of the Cashless System. At this time registration terminals will be placed in the school. Your child will attend at a requested time and they will be required to place their finger/thumb on a Biometric sensor twice to obtain a matching template, which only takes a few seconds. If you have chosen to 'Opt Out' of this procedure, your child will be presented with a 4 digit PIN Code.

Q What methods of payment can be used to credit an account?

A Any amount can be credited to an account by way of any of the following methods. Once an account has been credited the monies cannot be withdrawn and must be spent on the school meal/break services.

Cash at the Revaluation Machines – Revaluation machines will be sited at different locations within the school. These can be used to top up accounts by the pupil/member of staff placing their finger/thumb on the sensor or by entering their 4 digit PIN Code followed by inserting the accepted tender below:

£20, £10, £5 notes

£2, £1, 50p, 20p, 10p, 5p coins

(Please note – copper coins are not accepted)

Cheques – Cheque payments can be accepted via the Cashless Catering System. Cheques should be made out to **(state school or council name)** and have written on the back of the cheque Pupil Name & Form Name/Number. All cheques must be handed to **(state location/name*)** and must be received by 9.00 am prior to that day's commencement of service. Cheques received after this time will not be credited to the relevant account until the following day. ***Cheque boxes can be purchased from Nationwide Retail Systems Ltd.**

On-Line Payments – We have introduced On-Line Payments in partnership with the Cashless Catering System. To make a payment on line please go to **(state website of on-line provider & all additional information)** to make an electronic payment. NB. Some On-Line providers can be used for school trips.

PayPoint (If applicable through ParentPay) – You will be issued with a PayPoint card, which can be used to top up your child's account at your local PayPoint stores. Payments via PayPoint will take up to 48 hours to be credited to the appropriate account. You can find your local stores by visiting the website below.

<http://www.paypoint.co.uk/locator.aspx>

Q How can I check the credit on an account?

A This can be done by the account holder placing their finger/thumb on to the revaluation machine or by entering a 4 digit PIN Code. The current balance will then be displayed. Alternatively, this can be accessed via the On-Line payment engine (if applicable).

Q Can I change the daily 'Spend Limit'?

A Yes – The daily 'Spend Limit' has a default of £5 but this may be changed by written request to **(Insert name of Contact**

Q What happens if my child's account is not in credit?

A A 'Lend' can be processed at the EPOS Terminal, which will then allow a meal to be taken. **(This is at the discretion of each individual school. Please delete if not applicable).**

An automatic overdraft can be set up, which will allow the pupil/staff member to go into debit at the cost of 1 meal **(Again this is at the discretion of each school).**

The Cashless Catering System has a debt tracking facility and the ability to send debt letters to overdue account holders.

Q How do 'free meal' entitlements work?

A All free meal entitlements will be entered on to the system prior to the 'Live' day. The Cashless Catering System will, on a daily basis, automatically allocate the appropriate accounts with the free meal amounts. Pupils with Free Meal Entitlements remain anonymous at all times as all account types are accessed in the exact same manner regardless as to whether paid for or not. NB. Any monies not spent from the daily free meal allocation will not be carried over to the next day.

Q Can anyone else use my child's account?

A No – Due to the extensive security on Biometric templates no-one will be able to access your child's account. As a secondary precaution a photo image is allocated to each pupil. If your child is using a 4 digit PIN Code, which someone obtains and attempts to use, the photograph shown on the EPOS Terminal will alert the operator and a fraudulent sale taking place.

Q My child has an allergy, how will this be monitored

A All allergy records registered with the school will be entered on to the Cashless System. When pupils attempt to purchase an item, which has ingredients that they are allergic to, the system will alert the operator and prevent them from selling the chosen item.

Q Can I dictate my child's dietary requirements?

A The system will allow you to register any items that your child is not allowed due to dietary needs or religious beliefs. Any such items must be confirmed in writing by the parent/guardian to the **(insert Department name).**

Q Can I request a printed report of my child's meal intake?

A Yes – The Cashless Catering System allows numerous reporting facilities, which includes Dietary Habits. These may be requested by contacting **(Insert name of contact).**

Healthy School Survey Information

School meals have been the focus of much interest nationally in recent years.

There have been concerns over the nutritional quality of the food provided plus evidence of an increase in child obesity.

A Health Survey in England found that 16.6% of boys and 16.7% of girls aged 2-15 was obese and a further 13.6% boys and 14.3% girls were overweight. The Survey also found that most children eat too much fat, added sugar and salt and only eat two of the recommended five portions of fruit and vegetables each day.

Nationwide Retail Systems are in partnership with the Local Authority Caterers Association (LACA) and work closely with them to ensure that we stay abreast of the current standards. We are also in constant discussions regarding to future developments and possible requirements.

Nationwide Retail Systems Limited offer a healthy eating points reward facility. Healthy items can have points allocated to them which when sold can be added to staff/pupils accounts. Catering staff then have the ability to take a report detailing who is eating the healthiest and can reward this in a number of ways.

Benefits the Trust-e Cashless System brings to Healthy eating

- Improved nutritional & dietary control
- Healthy eating is encouraged and can be monitored through the reporting facility
- No more using school dinner money for out of school purchases
- Detailed reporting facilities allowing access to pupils accounts and eating habits
